SWIMMING POOL

In order to guarantee the best quality of bathing water, we treat our pool in the morning. So that the products have the time to work and also for your safety, the swimming pool only opens as from 10.00 am and until 8.00 pm. As in all swimming pools accessible to the public, we are subjected to the ARS (Regional Agency of Health) rules and regulations. Therefore, all types of shoes (sandals, flip-flops...) are prohibited. Please leave them outside in order to avoid a contamination of bacteria to the water as much as possible. It is forbidden to eat, drink or smoke on the pool decks. Glass objects (diving masks, glasses...) as well as any other recreational objects (balls, palms ...) are unauthorized. For children in nappies, the special nappy for swimming pools is compulsory. We have two different sizes of nappies for sale at reception. The children must imperatively remain under the supervision of their parents during and after their swim. The access to the swimming pool is strictly reserved to the people staying at the hotel.
